

Name: _____

WEATHER WISE

MY WEATHER FORECAST

Can you predict the weather? Start on Monday and draw a picture of what the weather looks like. Then draw how you *THINK* the weather will look the rest of the week on top of each day's rectangle. As each day passes, draw what the weather *ACTUALLY* looked like in the bottom half of each rectangle. How close were your predictions??

MON

TUE

WED

THUR

FRI

SAT

SUN

Here are some of the symbols used to write a weather forecast.
Can you guess what they mean?

Name: _____

WEATHER WISE
